PROFESSIONAL SUMMARY

Computer Science Engineering student (2023–2027) with a strong interest in web design and front-end development. Experienced in creating responsive portfolio websites using HTML, CSS and JavaScript. Passionate about building clean, user-friendly interfaces and continuously improving design and development skills through practical projects.

SKILLS

- HTML5, CSS, JavaScript (Basic), Python (basic), SQL
- GitHub, Generative AI tools, MS Word, Excel, PowerPoint
- Content creation, presentation design
- Creativity, collaboration, leadership
- Time management, quick learner, teamwork

EDUCATION

B.Tech in Computer Science & Engineering - College of Engineering and Management, Kolaghat (2023–2027) – CGPA: 7.84/10 (Till 5th Semester)

Higher Secondary (Class XII) - Dr. N.C. College (2023) – 83.2%

Secondary (Class X) - Sushila Educational Institute (2021) – 71%

PROJECTS

1. **Personal portfolio website | HTML, CSS, JavaScript | Github Repository**
   - Developed a modern and responsive personal portfolio website to present my projects, technical skills, and professional profile**.**
   - **Outcome**:
     Established a professional online presence that demonstrates my design abilities and supports my goal of starting a career in web design.

2. **Digital Scam Detection System |Python | GitHub Repository**
   - Built a machine learning model in Python to classify scam messages using text preprocessing and TF-IDF.
   - **Outcome**: Achieved ~85% accuracy in detecting scam messages, gaining hands-on experience with end-to-end ML workflow.

CERTIFICATIONS

- Web Development Basics – IBM SkillsBuild | Certificate
- Generative AI Studio – Google Cloud | Certificate
- Machine Learning using Python | Certificate
- NCC B certificate holder | Certificate
